

Object to Proposal

Application number: 14/3732/FUL

Date and time: 26-09-2014 17:48

Comment type: Object to Proposal

Comment:

Concept has merit, but the project, as proposed,

- (a) Is too large,
- (b) In the wrong place;
- (c) Technically unproven;
- (d) Commercially and financially unfeasible; and
- (e) Being promoted by an Applicant with no experience of such projects.

The proposal has also not followed normal EU procedures for such ventures and is open to legal challenge. There are other options which should have been considered, but were ignored by the Applicant.
